Pat Flannery directed the meeting.

Pat reported that most of the trees were planted on Altavia. There were 13 trees ordered for the street by the home owners. Todd Baeten will be planting the trees selected for the corner of Altavia. A red maple and 3-4 other trees will be planted the week of Dec 4.

Pat, Dan Von Handorf and Todd Baeten met about the tree replanting around the SD1 project. There were 17 trees planted and the Road Fund paid for the trees and planting.

A total of 18 trees were ordered and planted for the Tree Program for 2017.

Will Korte ordered a collection of saplings for late winter or early spring. Will generously purchases these with his own funds.

It was discussed that a possible deadline of September 15 be used for the 2018 Tree Program applications.

The tree board members would like to have a reminder of future meetings. Sue Bennings is willing to do this with Mike Conway's permission and direction.

Meeting ended at 9:20.
