## LUMINARIA NIGHT 2013

- Sunday December 15th beginning at 5:00pm
- Rain date is December 22
- Kits are being sold by the Avant Gardeners for \$7.00 each
- Each kit includes 12 candles, 12 bags and 10lbs of kitty litter
- Proceeds are used to keep our park and public areas beautiful
- To order by mail send check and order form to Carol Bethel 1045 Jackson Rd., Park Hills, Ky. 41011

## FROM YOUR MAYOR

It continues to be a real pleasure to serve as your mayor. Your council (Skip Fangman, Kathy Zembrodt, Monty O'Hara, Steve Elkins, Greg Claypole and Pam Spoor) and I are working hard to make Park Hills' government fair, friendly and open. We pay very close attention to our budget, listen to and ask for accountability from our department heads and always look for opportunities to make our city function even better for our residents.

We have established reserve funds for our police, fire, public works and administration departments which will be funded with the annual savings achieved by each department. This will give an incentive to department heads to outperform their budget and it will build up savings for future needs such as vehicles, equipment and computers. Also, we are transferring our vehicle fee collection to the Kenton County clerk's office. This will do two good things for our residents. First, it will eliminate a trip to the City Building to buy the tag as residents will be able to purchase tags when renewing their license plate and second, it will eliminate the need for a physical tag. The cost will remain the same.

Our police department is doing an excellent job of protecting our city. The city of Bromley is also quite happy with the service they are receiving through our police contract with them. The proceeds of the contract have enabled us to refit our department with cruisers without incurring debt.

We have made several minor adjustments to our zoning code as we continue to seek ways to make Park Hills a great place to do business. The improvements which will be made on Dixie Highway with the proceeds of a grant (no match is required) should be another positive step.

In closing, I and council thank you for the opportunity to serve you and will do our best to make good and prudent decisions for our city. Don Catchen

Look inside for a  
holiday treat for all  
Park Hills residents.

## FROM YOUR CITY CLERK, JULIE ALIG

### IMPORTANT INFORMATION ABOUT CITY AUTOMOBILE TAGS

As of July 1, 2013, the Kenton County Clerk began assessing the \$15 vehicle registration fee. If you have already bought your city tag, please inform the County Clerk so that you will not make a double payment. Instead of issuing actual tags, the city will receive a monthly report from the

County Clerk advising the City of who has and who has not paid the vehicle fee. Our city clerk's office will be able to verify that you already paid the fee for the year. If you still have not purchased a 2013 tag from the city, please pay the \$15 fee when you register your vehicle.

Next year, 2014, residents will no longer purchase tags at the Park Hills City Building in February and will not have

to append a tag to your vehicle. The \$15 Vehicle Fee will be paid by residents when they renew their registrations during their birth month. We hope this will be a positive change for our residents that will eliminate a February trip to the clerk's office and the effort of attaching the tags. Now you will only have to make one stop during your birth month to pay your registration and your Vehicle Fee.

If you have any questions, please feel free to call or stop in the City Clerk's office. Our phone number is 431-6252 and our hours are: 8:00am -6:00pm Mon. thru Thurs. and 10:00am-6:00pm on Friday.

Thank you to the Tree Board for their hard work in preserving and improving our Park Hills Tree Canopy:

Mike Conway, Chair

Pat Flannery

Will Korte

Sue Bennings

Kathleen Laurin

## FROM YOUR TREE BOARD

The City of Park Hills Tree Board completes its first year of "Plant-A-Tree in your Lawn" program exceeding the goal of over 20 trees planted in the city. The program was finalized at the beginning of 2013 after Tree Board, Village Green and City Council approvals. The program was launched in May with "Plant-A-Tree" applications being posted on the City of Park Hills website. Applications are due each year in June for Tree Board Review and Approval on a first come first serve basis while funds last. Planting occurs after Tree Day in Park Hills. This year Tree Day was October 5, 2013.

This innovative program allows homeowners in the City of Park Hills to apply for a tree to be planted in their lawn at no cost to the

homeowner. The Tree Board requests the homeowner make a \$100 tax deductible contribution to the city tree fund in return and agreeing to care for the tree. Homeowners have a choice from over 14 trees both large and small which were selected as best for our region. For more information go to: <http://www.parkhillssky.net/index.php/city-council/city-of-park-hills-committees/>

Why are these endeavors important for a community? Trees not only add to the beauty and enjoyment of our citizens and visitors they improve property values and save energy. You don't want to wake one day and say what happened to all our beautiful trees so planning is important. The

Arbor Day Association has published research on communities who have consistent growth in property values and a major contributing factor is a strong tree canopy.

[Tree Board's Ten Year Goal is to plant 1,000 trees in our city. This goal cannot be accomplished without everyone's support.](#)

Your Tree Board thanks you for your support of The Plant-A-Tree program and encourages everyone to visit Park Hills website and submit an application now for 2014.

We look forward to the continued growth of our city.  
Mike Conway, Tree Board Chairman

## YOUR PARK

By Pam Spoor

Trolley Park will be decked for Christmas and ready for your holiday enjoyment. The Christmas lights and greens will provide nice opportunities for family photos. The park has benefited from the addition of memorial trees planted in honor of Park Hills residents. In addition, a donated stepping stone access has been added along the outer

edge to help when conditions are wet or muddy. The lower level of the park is still serving as the staging ground for construction crews for the Old State/ Arlington road project. When the work is completed the park will be restored. The hillside will be planted with redbuds and other shrubs to enhance the appearance of the area and prevent erosion. As always, volunteers are welcome and needed!!

## YOUR SENIOR CENTER

The Park Hills Senior Center is a group of citizens ages 55 and older who enjoy the opportunity to socialize, meet new people, be involved in a variety of activities and stay active in their community.

Anyone age 55 and over is welcome. Residents of the Park Hills, Fort Wright, and Kenton Hills communities are given first preference followed by residents of any other Northern Kentucky Community.

The group meets the second Thursday of each month at 11:00 AM at the Griffin Center on the Covington Catholic Campus, 1600 Dixie Highway, Park Hills.

**MEMBERSHIP:** Membership is from January 1st thru December 31st. Membership

forms can be found at the Park Hills City Building, 1106 Amsterdam Rd., Park Hills, KY 41011 or at the Senior Center on the days the group meets.

**DUES:** Dues of \$15 per person are payable each year by the 2nd Thursday of January. Different activities will be scheduled for each week. Some past activities include: entertainment, card games, split the pot, senior exercise program, guest speakers and crafts. Many travel opportunities are available. We have a special need for euchre players!

Lunch is donated several times a year. When not donated, lunch is provided by Chef Barone's for a minimal charge. If you choose to not eat the lunch served, please

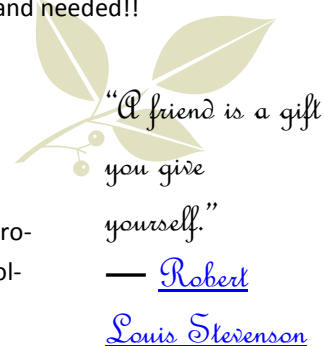

bring a brown bag lunch.

Desserts and coffee are provided free of charge by volunteers.

Our first meeting of 2013 was on March 21<sup>st</sup> and was well attended. Once those that attended shared their positive experience with others our membership increased to over 50 members.

As always we are continually looking for new ideas and suggestions for future senior days. If you, or you know of anyone that would like to volunteer, be featured as a guest speaker or host a craft or activity please let us know!

Our first meeting for 2014 will be on January 9<sup>th</sup> at 11:00 a.m. Hope to see you

For questions or reservations contact Millie Fangman at 859-581-0022.

## YOUR ROADS

We are about to finish our infrastructure work for 2013. The jobs undertaken this year include the Old State/Arlington roads total rebuild, the supporting piers (64 feet) to prevent further land slippage on Hamilton Road and the milling and overlaying of 3 sections of Amsterdam Road from Hillcrest to

Sleepy Hollow Rd. . Improvements were also made to the storm sewer problem in the Coram/Harriet Streets location.

Our project for 2014 will be the installation of additional storm sewer work and a sidewalk from Cecelia to Dixie Hwy.

The grant money we re-

ceived from the Ky. Dept. of Highways will also be used to improve infrastructure work along Dixie Hwy., install a sidewalk from Covington Catholic (St. Joseph Lane) down to North Arlington and improvements to the business district area with additional lighting and landscape improvements.

I would also like to take this opportunity on behalf of the mayor and city council to thank all the residents of Park Hills for their patience during the construction time.

By Skip Fangman

## VILLAGE GREEN REPORT

Winter is on its way! Before you know, it will be time to get out the snow shovels, winter gear and decorate for the holiday season. Hard to believe it's that time of year again! Many thanks to the Civic Association, Business Association, Pam Spoor, Don & Missy Catchen, Sue Bennings, Jay Bayer and children, and to all who decorated their homes in years past making our city, and holiday, a festive and bright one.

Ongoing cleanup, implementing new and maintaining existing beautification projects throughout our city requires MANY

volunteers. Please sign up and help. You can sign up at the City Building – 431-6252.

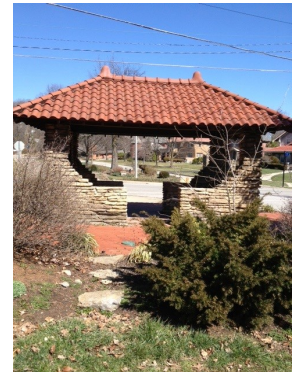

I'd like to extend a special thank you to Greg and Sue Bennings who have decided to 'retire'. For over ten years they have maintained and beautified the Dixie Highway and North Arlington area. They will be sorely missed! Thanks to Tina Niemer for volunteering to offer assistance in this area. The Village Green Committee has reinstated the 'Greet the New Residents Program' by the delivery of Welcome Baskets containing gifts from local businesses. If you see, or know of, a new neighbor moving-in or

are a local business that would like to donate gifts to the Welcome Baskets please contact Millie Fangman @ 859-581-0022 or email

smilfang@insightbb.com.

What a wonderful way to welcome our new residents and introduce your business.

Thanks for all your help and all you do. The Village Green Committee meets on the third Monday of every month except December. All are welcome to attend.

### Village Green Committee

## CHRISTMAS FESTIVITIES FROM THE PARK HILLS CIVIC ASSOCIATION

On December 7<sup>th</sup> the Park Hills Civic Association is hosting a breakfast with Santa at the Griffin Center on the Covington Catholic Campus between 10am to noon. More details later this month so please watch your e-mail or visit [phcahub.org](http://phcahub.org) for additional information.

Mark your calendars for Christmas in the Park on December 15<sup>th</sup>. Join your neighbors at 6pm in Trolley

Park for Christmas carols, the lighting of the Christmas tree, and a special visit from the big man himself. Be sure to watch your e-mail or visit [phcahub.org](http://phcahub.org) later this month to reserve a spot for a carriage ride through the luminaria lit streets of Park Hills.

By Carey Kruer

## FROM YOUR POLICE CHIEF CODY STANLEY

During the holiday season thefts are on the rise. Here are a few tips to keep everyone safe and secure! Do not leave your car keys in your car (**Insurance companies may not cover your loss**)

Do not leave your car running unattended (It is illegal to do this and again, if your car is stolen this may not be covered by your insurance)

Lock your vehicles

Remove purses, wallets, packages and valuable items from your car

If you must leave valuables in your car please put them out of sight

Turn on outside lights to deter unwanted visitors

If you are going to be

away for a while consider putting timers on the indoor lights

Keep shades closed in the evenings

Notify the police department if you are going away for vacation/business

Do not leave doors and windows unlocked/unsecure

Burglaries do occur during the day while everyone is away at work.

Be a good neighbor, report any suspicious activities

If you feel something is

suspicious, **CALL the police** because your feelings are usually correct

Call dispatch anytime you need the police at 859-356-3191, not the department number. There's a good chance the officer is out patrolling.

There's been a rise in smart phone and ipad thefts. This includes subjects grabbing the phones from people while they're talking. Although this has mainly occurred in larger metropolitan areas everyone should be aware that these thefts happen. The theory behind it is that even though your phone has built-in

security that will turn the phone off if stolen, that phone can be sold on the internet and shipped overseas where the security is easily by-passed. Depending on the phone, thieves are getting upwards to \$700+ per phone. Evidently iPhones are the big commodity.

If you are in a car accident and you are able, please move your car off of the roadway. Leaving your cars on the roadway after an accident places yourself and others in danger of contributing to another accident.

Remember to **CALL THE POLICE** if you observe suspicious behavior.

## FIRE DEPARTMENT NEWS

The Members of the Park Hills Fire Department have been hastily preparing the firehouse and all of the essential equipment for winter weather. As we complete our seasonal duties, I would like to remind all of our residents to prepare their homes for winter and review some important safety precautions. The following is a short list of tips to get ahead of the winter freeze:

- \*Have your furnace, fireplace, or wood burning stove inspected and maintained.
- \*Have vents checked for proper operation and chimney flue's inspected for creosote.
- Use ember screens or doors to keep sparks from fireplaces inside the firebox.
- Dispose of all fireplace ashes in a metal container outside and away from the house.
- Never leave space heaters unattended, or plugged in using extension cords.
- Test your CO and Smoke Alarms- Change batteries and replace units over 5yrs old.
- Keep children and all combustibles at least 3 FEET AWAY from any heating device.

Following these simple tips will assure that you and your family will be well prepared for the upcoming frigid temperatures and rising thermostats.

We cannot mention upcoming winter weather without also reminding you of Safety for the Holidays! **Thanksgiving**- is the leading day of the year for home fires involving cooking equipment. Please use caution when preparing your turkey, don't leave it unattended. The National Fire Protection Association (NFPA) is also discouraging the use of any fryers that immerse in hot oil.

The winter holiday season should be a joyous time of year. However, certain types of fires and injuries associated with holiday decorating are much more common during this season.

Use caution when displaying a live Christmas tree- Between 2006-2010, U.S. fire departments responded

to an average of 230 home fires that started with Christmas trees per year. These fires caused an average of 4 deaths, 21 injuries, and \$17.3 million in direct property damage annually.

\*A heat source too close to the Christmas tree started one of every five (18%) of these fires.

Use all decorative lighting per the manufacturer recommendations- Holiday lights and other decorative lighting with line voltage were involved in an estimated average of 160 home structure fires per year in this same period. These fires caused an average of nine civilian deaths, 13 civilian injuries, and \$9.0 million in direct property damage per year. Seventeen percent of these fires began with Christmas trees. Electrical failures or malfunctions were factors in two-thirds (69%) of the fires involving holiday or decorative lights. When extension cords are necessary, use short heavy duty cords rated for either indoor or outdoor displays. For multiple plugs, a rated power strip with circuit breaker is the safest choice. **Avoid overloading standard wall outlets.**

**Never** leave any type of candles unattended or too close to combustibles. The top three days for home candle fires were Christmas, New Year's Day, and Christmas Eve.

More than half (56%) of the home candle fires occurred when some form of combustible material was too close to the candle. Keep candles at least 12 inches from anything that can burn. Unattended equipment or abandoned materials or products were contributing factors in one of every five (19%) home candle fires. Never leave a burning candle unattended. Blow out candles when you leave a room.

We hope these simple suggestions will guide you through a safe and warm winter season. For more information on Home Fire Safety please see; [www.nfpa.org](http://www.nfpa.org). If you would like to speak to someone or have questions regarding Fire Safety, please call the Park Hills Fire Department at 431-4333. We will gladly provide answers or information whenever possible.

From all of us here at Park Hills Fire Department, Safest and Happiest Holidays!

## BRIDGE TOLL AND REPLACEMENT UPDATE

Submitted by Steve Frank,  
Vice Mayor of Covington, KY

*"As soon as any man  
says of the affairs of  
the State "What  
does it matter to  
me?" the State may  
be given up for lost."  
— Jean-Jacques  
Rousseau, *The  
Social Contract**

I do not know how many who read this newsletter know me. While I am presently the Vice Mayor of Covington; I was born and raised in Park Hills on Audubon Road and have very fond memories of those years. I am writing to raise awareness of a problem that is facing not only Covington and Park Hills; but also our neighboring communities. That problem we are facing is the expansion of the Brent Spence Bridge and the high probability of having it tolled if we do not all stick together. I have been the most vocal, high visibility point person for advocating a no toll position on the Bridge. I leave it to each person to judge the merits of my position. What is not in dispute by even the supporters of the Build Our Bridge Now coalition are the following facts. Base your own opinion on this: The Kentucky and Ohio Departments of Transportation project that traffic will drop on the Brent Spence Bridge from 194,000 crossings per day to 117,000 if the toll is \$2, the most likely projected toll level. That means 77,000 cars will be finding their way across other bridges with devastating impacts to Covington's economic viability. While maybe that is not of immediate concern to you; were Covington to fail, trouble will flow out Dixie Highway. Further, a lot of that traffic will clog and create additional wear and tear on Amsterdam Road and Dixie Highway. Projections are that traffic will more than double on the Clay Wade Bailey and Suspension Bridges as people descend into Covington to avoid a toll. Expect back routes such as these and Route 8 through Ludlow to be constantly bottlenecked. What is even more disturbing for residents of Park Hills and Kenton Hills along with those who enjoy Devou Park is that Lewis Street near St. John's Church will be cut off from traffic because of how wide the new Bridge is. There is a proposal to widen Montague to two ways where a number of houses would be taken; but the project managers do not include funding for this in their plan, considering it outside the scope of the Brent Spence Bridge Project. Frankly, Covington doesn't have the money to pay for widening Montague and the Project doesn't seem to want to help much with Covington's other traffic diversion issues. If that isn't enough, Park Hills will lose a whole neighborhood perched on Scenic Drive and Cedar Ridge Lane due the widening of the "Cut in the Hill". What I am asking you to do is to get involved. Covington is asking for a delay in implementing any legislation that might enable the Brent Spence Bridge Project to go forward in the upcoming 2014 Kentucky General Assembly. If we can delay this for another year, it is far more likely that we can win concessions and alter the worst parts of the design. I know three years ago I organized the resistance and we got Covington's Fourth and Fifth Street exits which the original design eliminated put back in the project. Write to your State Legislators, both of whom support me in this. They need evidence of your opinion to show down state. Your State Senator is Chris McDaniel who is predisposed to help us. His email is [chris.mcdaniel@lrc.ky.gov](mailto:chris.mcdaniel@lrc.ky.gov) Your State Representative is Arnold Simpson who is foursquarely in my corner. His email is: [Arnold.Simpson@lrc.ky.gov](mailto:Arnold.Simpson@lrc.ky.gov) Additionally you may wish to copy or write separately the head of the Northern Kentucky Caucus of State Legislators, Adam Koenig whose email is [Adam.Koenig@lrc.ky.gov](mailto:Adam.Koenig@lrc.ky.gov) Finally you may wish to copy our most Senior State Legislator from this Region who actually may have the power to stop this, State Senate Floor Majority Leader Damon Thayer whose email is: [Damon.Thayer@lrc.ky.gov](mailto:Damon.Thayer@lrc.ky.gov) Steve Frank CFP Mayor pro Tempore, Covington Kentucky PS: I believe I have stopped the expansion of the "Event Center" at Devou Park Golf Course. Hopefully now the Park Board will go back to designing a simple new clubhouse.

**WINTER WEATHER ISSUES**  
**NO PARKING DURING DECLARED**  
**SNOW EMERGENCY**

Please be advised, there is no parking allowed on city streets

during a declared snow emergency. A snow emergency will be announced on all local television channels and radio stations. The city's Public Works Director, or police officer in charge at the time, shall determine if falling snow, sleet and/or freezing rain requires that parking be restricted in order to plow and clean the streets. A snow accumulation of three (3) inches or more will also constitute a snow emergency. It is important to keep the streets clear of vehicles so that the snow plow has room to pass streets safely and do an effective job. As many of you know, parking in the city is limited so having a plan

in place beforehand will help to cut down on road clearing delays. The police department is required to enforce the snow emergency ordinance and if your vehicle is parked on the street during a snow emergency, it will be ticketed or towed.

If you observe power lines down, trees on power lines or heavy ice and snow weighing down the lines or trees, do not attempt to remedy the situation on your own. Call the city or the fire department for assistance.

**YOUR CITY GOVERNMENT**

**MAYOR**

**SPECIAL HOLIDAY TREAT FOR ALL PARK HILLS RESIDENTS**

For additional information on the exhibits , go to the Behringer Crawford Museum's site at [bcmuseum.org](http://bcmuseum.org). All ages are welcome - including grandchildren. Just bring an id, such as a driver's license, so that your Park Hills residency can be confirmed

**On December 21 2013, all Park Hills residents may attend the Toy Train Exhibit and the Christmas Village Exhibit at Behringer Crawford Museum without charge—FREE!!**

Your Mayor and Council sincerely wish you a pleasant afternoon of family fun in preparation for the Christmas season.

The hours are 10:00am to 5:00pm. The train exhibit features Lionel and Plasticville trains, over 250 feet of track and 30 accessory buttons which can be operated by patrons. Also featured is Thomas the Train and the new Dickens Village.

The balance of the museum is also open to our residents . This includes the current exhibit: Viet Nam Our Story—an account of Northern Kentucky's contribution to the Viet Nam war.

## **WELCOME TO NEW CITY ATTORNEY**

We welcome Todd McMurtry as the new City Attorney for Park Hills. As a partner with the firm Gerner & Kearns in Ft. Wright, Kentucky and with more than two decades of experience, Todd V. McMurtry concentrates his practice on complex litigation in business, banking, real estate, construction and municipal law cases. He also serves as outside general counsel to a number of privately held businesses and is the City Attorney for three Kentucky cities. Mr. McMurtry is proud to represent a broad base of clients throughout Kentucky and Ohio.

Mr. McMurtry has earned a strong reputation as a Civil Litigator. He has tried many cases to both juries and judges, and through the appeals process. He is the Practice Group Leader of the firm's five-attorney Litigation Practice Group. Having been trained as a mediator through the prestigious Harvard Mediation Program, Mr. McMurtry brings this skill-set to the aid of his business and litigation clients. He has also served as a mediator for business, personal injury and construction disputes. Mr. McMurtry has also earned the respect of the region's legal community. In 2013, he was elected President of the Northern Kentucky Bar Association.

Mr. McMurtry is a graduate of Covington Latin School, Centre College, and the Salmon P. Chase College of Law. He is admitted to practice before the U.S. District Courts for both the Eastern and Western Districts of Kentucky; the U.S. District Court for the Southern District of Ohio and the U.S. Court of Appeals for the 6th Circuit. Outside of his practice, Mr. McMurtry is involved in several professional organizations, including the Northern Kentucky Bar Association, the Covington Latin School Board of Education, and the Salmon P. Chase American Inn of Court.

Mr. McMurtry is the proud father of three and has been married to his wife Cari for 26 years.

We look forward to Mr. McMurtry's advice and guidance.

## Luminaries

Help us warm up a cold December evening! Join your neighbors as they light up the night during the Park Hills annual, much anticipated tradition of Luminary Night. This is our community's winter activity that brings families, friends and neighbors out for an evening of socializing and the opportunity to welcome in the holiday together. The Civic Association sponsors the tree and crib lighting, and children's visit from Santa compliments the excitement and romance of the season.

Luminary Night is scheduled for Sunday, December 15<sup>th</sup>, 2013 beginning at 5:00 p.m. (rain date=Dec. 22<sup>th</sup>). The Avant Gardeners offer luminary kits at a reasonable cost. Each kit contains 12 luminary bags, 12 votive candles, a 10 lb. Bag of kitty litter (to weigh the bags and secure the candles), and instructions. To be sure that you are not left in the dark, get your order in to your street captain by December 7<sup>th</sup>, 2013.

Every kit you purchase will help support the Park Hills Avant Gardeners efforts. You'll also enjoy continuing a beautiful Park Hills tradition.
