

INFRASTRUCTURE COMMITTEE MINUTES 10/19/22

Present:

Greg Claypole

Jim Jenkins

Pamela Spoor

Steve Elkins, Chair

Kathy Zembrodt

Petitioner: Jasmine Costas

Peter Klear, lawyer for Ms. Costas

Item 1

Petitioner Requests Horizontal Parking Pad at 1140 Audubon Rd

Petitioner seeks an encroachment permit to allow a parking pad at 1140 Audubon Rd to accommodate their vehicles. Petitioner presented design and pros of the plan which include removal of cars from on street parking and improved parking for neighbors.

Committee members voiced their concerns after reviewing the proposed plan. Concerns include safety, encroachment of the sidewalk, bad precedent and aesthetics of the neighborhood. The site is at a stop sign which further complicates matters. The members explained that the city seeks to limit front parking pads to those perpendicular to the road. An extensive discussion of concerns with the proposal ensured for 41 minutes. Mr. Klear thanked the committee for consideration and obvious concern for the city

Item 2

Brent Spence Bridge project – a representative will address council at December business meeting

Item 3

Steve Elkins as Chair will form sub committees to address Traffic Management and Parking Management. These are serious areas of concern for our residents and with the coming bridge revision Park Hills wants to be prepared for the changes in traffic flow.

Meeting adjourned.
